

COLLEGE FOOTBALL SCHEDULES

Schedules will be posted each week by Thursday. Please note that schedules are subject to change and events are subject to blackout.

CNS is not responsible for the programming decisions regarding which football games will air on our system. These decisions are made by the network programmers and are based on local markets. For example, Thomasville and Cairo are assigned to the Tallahassee-Thomasville DMA (or designated market area) and carry Florida-based local affiliates, which in turn typically broadcast sports programming from Florida-based teams. Moultrie and Cairo are assigned to the Albany, Georgia DMA and carry Georgia-based local affiliates, which typically broadcast sports programming from Georgia-based teams. While we understand the frustration and displeasure of our Cairo and Thomasville customers who would prefer to enjoy sports programming from Georgia-based teams, we have no control over the programming offered by the networks.
