

2020 Annual Spring Cleanup Week

The City of Moultrie is proud to sponsor its Annual Spring Cleanup Week from Monday, October 5, 2020, to Friday, October 9, 2020. Typically, this event has been held during the month of April. This year's event was affected by the worldwide outbreak of Coronavirus. During this week long cleanup event, City of Moultrie residents can clean their properties of litter, debris, appliances, junk automobiles, and other discarded items at no additional cost. Just place the items in the normal collection location at each address, and City workers will collect the waste. Alternately, a trailer will be located at the City of Moultrie Service Center at 1108 1st St NE, so residents can transport and unload their own discarded items at no additional cost. Junk automobiles will also be collected at no additional cost by local salvage and wrecker services – call the City of Moultrie Public Works Department at 668-5423 for a list of participating haulers.

Please note that free pickup is reserved for *City of Moultrie residents only*, excluding commercial businesses and rental properties. Items are limited to non-trash items, excluding limbs, leaves, other yard waste, hazardous wastes, and building demolition. There is a volume limit of 25 cubic yards per address.

Also, there will be an electronic recycling event on Wednesday, October 7, 2020, whereby City of Moultrie residents can bring their discarded electronic appliances to a recycling trailer, which will be located at the Georgia State Farmers Market (1525 1st Ave SE).

Thanks for your continued cooperation as we strive to keep Moultrie a clean and pleasant place to live!
